

Postdoctoral Researcher, Focas Research Institute, Dublin Institute of Technology

6 months

Salary – €37,750 - €40,000 per annum depending on level of experience

The candidate will assist in the running of the fluorescence imaging facilities within the Focas Research Institute. These comprise confocal laser scanning microscopy, live cell imaging and flow cytometry. They will contribute to a number of ongoing research projects within the Focas Research Institute and will assist in the supervision and training of postgraduate students.

The candidate should hold a PhD in Physical or Life Sciences or Equivalent and have proven expertise and experience in flow cytometry and / or fluorescence imaging.
